Profile

I am self-motivated, energetic, flexible, person willing to do continue learning. I have good team working and leadership skills which I have achieved through my academic work and extracurricular activities. My objective is to develop skills, apply innovative thinking and be an example to the society I live in.

I have almost 5 years of experience and created many websites & applications on different stacks.

Experience

May 2020 - Present

APS Lanka (Pvt) Ltd

Software Engineer

After a long lockdown period due to the covid-19 pandemic, I joined APS Lanka as a Software Engineer. One year later I became the head of the IT department. Here, as a team, we manage the company's social media accounts, email servers, and developed internal software requirements under my supervision.

Jul 2018 - Feb 2020

(1 yr 8 mos)

Sky digital (Pvt) Ltd

Associate Software Engineer

After successfully completing the internship, I got an opportunity to become the Assistant Software Engineer in this company. Here, I have successfully completed Few Ecommerce, Business, Classified websites & web bases softwares like Stock handling, Point of sales.

Dec 2017 - Jun 2018

(7 months)

Steadfast Technologies

Software Engineer Intern

I completed my internship, gaining the best experience of my career. With the help of senior developers, I was able to create several business websites and a web - based invoicing system (Pure PHP).

Skills

PHP Codeighiter
Laravel

Flutter

C# .net SQL Server
